

Calling all Seniors of Yavapai-Apache Nation:

Do you have a story? Would you like to document your story?

The **Preservation/Technology Department** is offering time in the afternoon during the month of January to document stories of our elders. You have a choice of either creating a Digital Story (video/DVD) or doing a vocal audio recording. Digital Stories and Vocal Studio Audio Recordings are available during the hours of 1pm-4pm on their respective scheduled days.

Please call **Chasen Ross-Preservation/Technology Coordinator** **(928)567-7064** to schedule an appointment.
