

LIVING WITH WILDLIFE

We live very close to wildlife in the Verde Valley. We can cohabitate without endangering each other.

Preventing problems with wildlife is much simpler and less aggravating than dealing with the problems after they occur. Fortunately, taking a few simple steps can help you prevent many of the most common wildlife-related problems around your home and worksites. A number of proven methods can be used to solve the problem when it cannot be prevented.

Arizona Game and Fish Department will be presenting a class on Living with Wildlife

When: Friday, June 28th, 4pm-5pm

Where: Tunlii Community Building

Who: Yavapai-Apache Nation Employees and Community Members

Registration is not necessary.
