A message from Mother

Liliana Fernando,

You continue to amaze me by the things you have accomplished in your 14 years of life. I am so proud of all you have done for yourself to get where you are.

There is so much more out there for you to see and do, as long as you keep doing whatever it is you put your mind to. You will always have your family by your side, always cheering you on along the way. I love you very much Liliana.

With love, your mother, Adela and Araceli.

“CONGRADULATIONS BLAYZ”

"You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own. And you know what you know. You are the guy who'll decide where to go."
Dr. Seuss

It takes guts to do what you did. You accomplished your goal by finishing High School, but don't stop there, keep moving forward and make the best of your future. Never give up, don't look back or have any regrets, for God has a purpose for you. Always remember we're 110 % behind you and we believe you can do it. Our prayers are with you.

We love you much,
Mary Lou, Shayna, Deion,
Vernon, Starr, Diane, Noelani,
Daniel Jr, Raeneice, and Fawn.

Thank you note to the community

The five of us from St. Luke's Episcopal Church, Prescott, who were blessed to be invited to the Sunrise Ceremony on Saturday, April 28, wish to thank the Yavapai-Apache Nation for a very moving experience. Without having been present with you on that stunning moonlit night we would never have been able to understand the real meaning of this beautiful ceremony. We are grateful to Don Decker, who explained the events as they unfolded.

We have read the story of White Painted Woman and now we have witnessed a girl become a woman in the presence of family and many friends who surrounded her. We could feel the energy that filled the air as people danced along with Iberia Gyce, recognizing her new power and responsibilities.

At St. Luke's we pray every Sunday "For all whose lives are closely linked to ours, especially the Yavapai-Apache Nation." The five of us would add, "And we wish for Iberia Gyce a happy and productive life."

Our sincere thanks to everyone who allowed us to be there with you.

Monte and Pat Anderson, Dwight and Charlotte Willman and Sharon Tootle.

Sometimes you must...
Hurt in order to know,
Fall in order to grow,
Lose in order to gain...
...Because lifes greatest lessons are learned through pain.

I want my legacy to be different from others,
For myself I want to be described as Unique
Different -and not similar to others.
To be viewed at any points in life -and
never be the same.
